

GOLDEN ARTIST COLORS NEW ACRYLIC SETS

Sets are often the first purchase for artists new to the brand or for artists looking to explore new products, and our redesigned acrylic sets work harder to attract these customers. The new sets are designed to stand up on the shelf for improved presentation and space efficiency. Dominant application images grab shoppers' attention and communicate key features of the products inside, while prominent text communicates the concept and contents of each set. We also focused on sustainability – reducing the amount of packaging material, eliminating plastic boxes and shrink wrap, and sourcing certified FSC Mix paperboard.

INTRO SETS

This balanced selection of colors provides an excellent starting point for artists looking to explore the working properties unique to each of our acrylic color lines.
